

## Specification Sheet

### Comprehensive service to get you up and running faster

When you depend on the performance of your lab instruments, you can count on the Unity™ Lab Services team at Thermo Fisher Scientific to provide superior quality service that keeps your lab productive and running smoothly. With our most popular Unity Lab Services Extended Warranty, when your instrument needs service, we'll get you up and running faster with 50% faster response times and 30% less instrument downtime compared to customers without a service plan.

#### The Extended Warranty features:

- 3-business-day, on-site response target for corrective maintenance
- Unlimited Enhanced Technical Support with targeted immediate response, featuring Enhanced Digital Remote Support tools and experts that enable faster troubleshooting and diagnosis
- Proactive annual preventive instrument maintenance that increases uptime
- Remote resolution of more than 35% of issues with our remote repair services
- Service delivered by highly experienced and certified engineers and support staff

### A service plan that goes beyond repair to responsive care

The Extended Warranty is available for mass spectrometry, chromatography, trace elemental, molecular spectroscopy, sample preparation, and discrete industrial analyzer instruments.

**50%** faster response time

As our priority, service plan customers see faster responses and less downtime than those without a service plan.

**30%** less downtime
